

MODERN SLAVERY STATEMENT – FOR SMALL BUSINESSES

Our business, BB Drone Service Ltd is committed to combatting slavery and human trafficking in its business and supply chains, and we make this statement to assist with compliance with the Modern Slavery Act 2015. This statement relates to the financial year ending.

As our business has a turnover of less than £36 million, we do not have a legal obligation to produce a modern slavery statement. However:

- a. We agree that exploitation within all supply chains ending in the UK is a blight on our society, and we are committed to playing our part in eliminating exploitation;
- b. We understand that customers with obligations under the Modern Slavery Act 2015 cannot comply with those duties without our cooperation.

To that end, we confirm that we have examined our own business and, to the extent that it is reasonably practicable, businesses within our supply chain and we confirm the following:

1. We confirm that within our own business, no relevant offence relating to slavery or human tracking has been committed.
2. We have made enquiries of businesses that supply directly to us and we are confident that no relevant offence is committed in that business.
3. Insofar as it was reasonably practicable, we have examined our supply chains and confirm that we found no evidence of slavery or human trafficking.

Further details about our business and supply chain are provided below.

Our business provides drone services to commercial and domestic clients.

Our business structure is that it has two employees who are also the company directors and does not have a fixed address.

We operate in the following countries:

- United Kingdom

Our supply chain is as follows:

BB Drone Services Ltd operates using DJI drones that are supplied to the company through Coptrz commercial drone experts who are UK distributors of commercial drones from DJI and other drone manufacturers.

DJI drones are developed and manufactured in China then are distributed globally. Coptrz is a UK based company.

We understand that certain industry sectors and geographical regions entail greater risk of exploitation than others. We do not believe that our supply chain is in one of those sectors.

Where it is reasonably practicable, we ensure that businesses in our supply chain have made a similar statement relating to slavery and human trafficking.

The person in our business responsible for assessing matters relating to slavery and human trafficking is: Mr Jason Brice.

We also encourage all employees to report on any matters relating to slavery or human trafficking in our supply chains of which they become aware.
